## TECHNICAL KNOWLEDGE

---

**STRONG AREA:** Front-end Development | Basic Competitive Programming | Problem Solving

**LANGUAGES & TECH:** C/C++ | Python | HTML, CSS | Javascript | MySQL | Bootstrap | Wordpress

## PROJECTS

---

- **Airline Database Management System ([Link](#)):**

A DBMS project using **MySQL** for database, **HTML**, **CSS** and **Bootstrap** for frontend development and **Express.js** with **node.js** for connecting frontend to database. A website which is interactive. Objective of this website is that whenever any new data is added through the frontend, it gets appended in the database.

- **Red Brick University Business Website ([Link](#)):**

Won first place in WEBATHON 2022. A Frontend development project where **HTML**, **CSS** and **JAVASCRIPT** used for frontend. Everything was coded from scratch in 24 hours. A website which represents a university.

- **Coffee Machine using Python ([Link](#)):**

A coffee vending machine created with **PYTHON**- elements used: functions, while loop, if-else, etc.

In this project, It asks us various questions related to choice of coffee and money. After entering the amount paid if change is required to return, it calculates the amount to be returned and displays it.

## WORK EXPERIENCE

---

**Web Developer Intern at COURSEHUB ([Offer Letter](#)) :**

*July 1, 2022 - July 31, 2022*

- I helped the company build its own website. apart from that I was given a list of topics among which I had to choose a topic and build a project on it. I chose a travel agency's website ([Project](#)).

*Languages used:* HTML, CSS, Javascript, Wordpress, Bootstrap.

- *Skills learned:* Workplace culture, business communication, teamwork, self-learning, problem solving.

## ACHIEVEMENTS

---

**WINNER - WEBATHON 2022 ([Project](#) / [Certificate](#)) :**

The 24 hours webathon was based on Web Development conducted by Amity University Mumbai, 3 themes were given (Business website, Marketplace website and Website cloning) and any one was to be developed on the spot. It was a team event. My team created a business website for a university within 24 hours.
